

Waikato Update

October 2023

Hi once again from the Waikato region.

I've been sick with an inner ear viral infection which has led to an all-day dizziness over the last three and a bit weeks. Would really appreciate your prayers for this.

Prison ministry has been good and bad. Three men made decisions for the Lord before I became sick, but I struggled to reconnect with these men because of the prison's staff shortages. This creates safety issues for volunteers. The frustration has been that I'm perfectly safe in prison without the guards, but their system is what it is, and I have got to work with it.

Market outreaches have been great. Conversations with lost souls flow easily in these days when the world is being rocked by insanity. People are open to the gospel when treated with kindness and dignity. We keep sowing.

I've had opportunities to preach at four churches and have had some marvelous times of fellowship. The evangelist needs to be connected to the body of Christ to encourage the saints but also to be encouraged and sometimes for correction.

I have an evangelism workshop coming up at the end of September and three churches to preach at in October/November. I'd appreciate your prayers for these.

Thanks so much for your prayers. The Lord is coming for His beloved soon. Keep looking up. That's where He's coming from.

Paul
