

Overseas Mission Update

Update - September 2022

with Robert Siakimotu

Dear Friend/s

Warm greetings to you in the name of Jesus Christ our Lord and Saviour. We trust that this news update will find you well. Praise the Lord for His faithfulness to us and for the way He led us this far by His amazing grace. We are certain that you will agree with us when we say, the LORD is good and gracious to us. Nahum.1: 7 reminds us of this important truth. Also Psalm.145: 8 – 9 is a great passage of Scripture that reminds us of God's compassion for us. Praise the Lord!

Thank you very much for your support for us during the past few weeks. Your partnership in prayer and many other practical ways is a massive encouragement to us. May the Lord Jesus bless and prosper you abundantly. We trust that you are encouraged as read through and continue to pray with and for us.

Family news...We are all keeping well specifically in the past 4-5 weeks. We can see and feel that the Spring season has started for us in the southern hemisphere and after Spring comes Summer. We are looking forward to summer but we will enjoy Spring especially new growth on the trees and the garden. I am looking forward to replant our veggie garden with new plants ready for harvest during summer. Our grandchildren, Noah and Philly-Jay are growing well and are a real delight to us. A few days ago my right eye got really blur to the point that I could not see through it. The optometrist tested it twice and discovered that the 'retina' is detached. I really don't know how that happened. I have been referred by our GP to the specialist for further tests and determine the treatment options. It is still very blur at present. My left eye is still working okay. Please pray with us for my right eye and also for the timing of the eye specialist appointment. Thank you again for your support.

Ministry Highlights...

Three specific areas the highlights will focus on...

Market Outreach...A team from the local Tongan Church joined us at the Mangere market outreach on Saturday 20th of August. They were really keen to get amongst the people at the market and share the Gospel with a number of people they met. Some of the people they shared the Gospel with are their friends and families. Lots of Christian booklets were given away and there

were good and meaningful conversations about Jesus. I also had a great time talking with people that I met previously and prayed for a man who recommitted his life to Christ a few weeks ago at the market. He stopped and requested me to pray for him and his Family. They are going through some tough times especially the rejection from some of his Family. The weather is getting warmer now so we will have more market outreaches in the coming days. If you are keen to join us on Saturdays feel free to contact me.

Manurewa High School Wanaga –

WTB OT Part 2 – August 10th: The students participated very well in the final part of the overview journey of the OT. Some of them asked really good questions about the Bible and Church and Culture. The teachers who hosted the Wanaga were greatly encouraged by the response of the students. They are planning to have the NT in the near future.

I was really encouraged to hear and see the student interaction and participation. I pray and trust that the Holy Spirit will continue to work in the lives of all the students and staff who were there.

Cornerstone Congregational Church WTB NT Seminar – August 12 – 14.

Twenty one folks attended the seminar. They all took part very well as we journey through the NT. A few folks commented on what the Lord was teaching them and some ask questions as they tried to grasp certain things that they discovered for the first time. It was a great time of learning together and sharing during the review sections especially on the life of Jesus Christ in the four Gospels and the first few chapters of the book of Acts. I also preached on Sunday morning at CCC.

Thank you very much for your prayer support for the above ministry opportunities and for us as Family. Please pray with us for the following...
