

Dunedin Update

February 2023

Term four of 2022 was a busy time of outreach here and there. Not only did we (John Corson and I) have outreaches in the Octagon but trips to Invercargill and Queenstown and the South City Street Party that the Invercargill Council puts on for the community. We set up our sketch boards and had some amazing conversations. I was surprised at the receptiveness of the people at the market.

Over New Year's I went to the Lakelands Park Christian Camp in Queenstown for two reasons. One, I was talked into it, and the other was to build a relationship with the camp committee for future children's ministry at the camp. While I was there, along with John, we went into Queenstown in the afternoons to do some open-air outreach as you will see in the photo. We had some amazing conversations with both adults and kids.

Myself and a team of faithful people also kicked off an after school program on a Tuesday in Brockville. We have around twenty kids turning up each Tuesday from 3pm-5pm. I am currently doing a holiday program at Caversham Community Church, and we are going through Answers in Genesis, the 7 C's of History (Creation through to Christ). This program will be repeated from 23-27 January 2023, at Wray Street Youth Hall in Brockville.

2023 looks to be busy with a number of projects on the go including Rally at Caversham, Discovery Club at Brockville, Launch Pad at a school (not sure where yet), the usual outreach in the Octagon and probably the odd camp. Thank you for your prayers, they are much valued and needed. God bless.

Shane Louie
